During the session, children can catch and experience as many fishes as they like. But are only allowed to bring home 5 fishes packed in an oxygen bag. They die easily if there are too many fishes in the tank so two are the recommended amount. Apart from the usual guppy, our pond consists of other small fishes such as baby koi, goldfish, swordtail, tiger barb, red fish, molly and shrimps!

We highly encouraged **family members to join in with their children which is charged at \$15** each for the whole session. Family member are entitled to a fish net, LK experience with their children and Fish Spa .
